

U.S. Department of Energy Natural Gas Vehicle Technology Forum (NGVTF)

Technical Committee Meeting Dallas, TX, January 28-29, 2003

Dennis Smith, DOE

Richard Parish, Kevin Walkowicz, Jarett Zuboy NREL

Douglas Horne, Consultant

Denny Stephens, Kevin Chandler, Battelle

Natural Gas Vehicle Technology Forum

HQ Corporate

Assistant Secretary

David K. Garman

Principal Deputy

Douglas L. Faulkner

Board of Directors

HQ Program Management

DAS for Technology Development

Richard F. Moorer

Chief of Staff

David Rodgers

EERE Program Offices

Solar

Raymond Sutula,
Acting

**Wind &
Hydropower**

Peter R. Goldman

Geothermal

Peter R. Goldman,
Acting

**Weatherization &
Intergovernmental**

John P. Millhone

Biomass

Douglas E. Kaempf,
Acting

**Dist. Energy &
Elec. Reliability**

William Parks

**Industrial
Technologies**

Robert Garland

**Hydrogen,
Fuel Cells &
Infrastructure**

Steven Chalk

**FreedomCAR &
Vehicle Technologies**

Robert S. Kirk

**Building
Technologies**

Michael J. McCabe,
Acting

FEMP

Elizabeth L. Shearer

Field Implementation

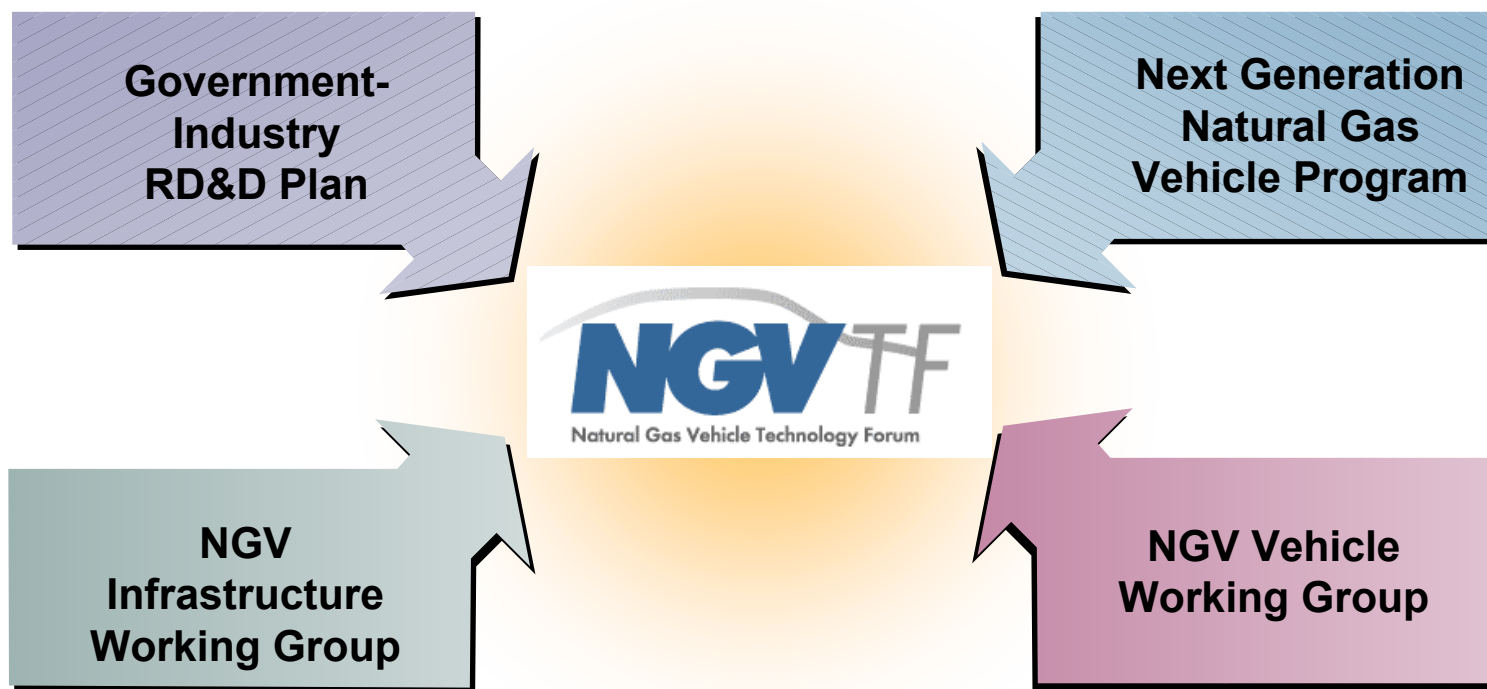

6 Regional Offices

NGVTF Purpose

Natural Gas Vehicle Technology Forum

One objective of the NGVTF is to consolidate previous efforts for more efficient and effective communication and coordination.

NGVTF Purpose

Natural Gas Vehicle Technology Forum

Three Venues for Communication and Coordination

LEADERSHIP Committee

- Discuss strategic directions and priorities
- Suggest funding approaches

New!

PROJECTS Coordination Team (Contracting Agencies)

- Confer on funding strategies
- Discuss management of RFPs and contracting
- Lead Technical Committees
- Support communications efforts

TECHNICAL Committees

- Review technology development and deployment
- Identify problems and obstacles
- Suggest technology enhancement needs

NGVTF Purpose

Natural Gas Vehicle Technology Forum

*DOE NGV
PROGRAM*

**PROJECTS
Coordination
Team**

**LEADERSHIP
Committee**

**TECHNICAL
Committees**

Purpose of Technical Committees

Natural Gas Vehicle Technology Forum

- Meet periodically in a technical conference format to present and share information and data on
 - Technology development and deployment progress
 - Technical barriers, obstacles and challenges to efficient and effective research, development and deployment of natural gas vehicles and infrastructure
- Discuss technical priorities, recent customer feedback, success stories, and market needs
- Open to all interested parties

Technical Committee Meeting Objectives

Natural Gas Vehicle Technology Forum

- Update on DOE activities since March 2002 NGV stakeholder meeting
- Introduce the intent and objectives of the NGVTF
- Progress report on DOE portfolio of NGV support efforts
- Review status of projects undertaken as part of the former DOE/GTI Infrastructure and Vehicle Working Groups
- Exchange information on the technical issues and developments of critical interest to NGV stakeholders
- Discuss plans for moving forward

Technical Committee Meeting Overview

Natural Gas Vehicle Technology Forum

- Day 1, January 28
 - Introduction and Agenda Review
 - Infrastructure
 - Engines and Vehicle Integration
- Day 2, January 29
 - Component Development/Storage Systems
 - Demonstration and Deployment Projects
 - Codes and Standards
 - New Technologies
 - Wrap-Up

1. FeedBack Forms
2. Post Meeting
